

# Southern Girl (feat. Frankie Beverly)

## Maze

Southern Girl don't you know ya good to me and I dig you so  
I wouldn't be right here if you hadn't been right there  
Southern Girl your the one lots of lovin lots of fun  
The tenderness you give me I wanna take it everywhere  
I wasn't happy not at all  
You were the first to here my call  
Your hospitality shows me that you care  
Below the mason dixon line down there where the girls are fine  
Sure know how to tree me you just make me feel so good  
Southern Girl here's to you no one can do it like you do  
Girl you be so sweet I just always knew you would  
Girl you love me from the start from the bottom of your heart  
Came along a heard my song  
Southern Girl Southern Girl  
Southern Girl Southern Girl  
Girl you keep me satisfided always right there by my side  
Girl there's one thing you should know  
That I really dig you so  
Southern Girl don't you know ya good to me and I dig you so  
I wouldn't be right here if you hadn't been right there  
Southern Girl Southern Girl  
Southern Girl Southern Girl
