Life's A Song

Jets Overhead

Lie down
Life's a fact
Sleep away the light pushing through the cracks

Stop, drink
Think out loud
There's a way to get there you just don't know how

Watch, blink
It's your turn
Try to memorize all that shit you learned

Life's a song
There's a beat
Every street
Close your eyes
Move your feet
Sing along

Die your hair
Don't just stare
Go no where
People swear
Who you are

Lie down
Life's a fact
Sleep away the light pushing through the cracks

Stop, drink
Think out loud
There's a way to get there you just don't know how

Life's a song
To the beat on the street
Clap your hands move your feet
Sing along
Here you are, there you've gone
Turn it up, turn me on

This is what you say
Baby what will you do?
Promises you made
Will you still see them through?
