No Life

Corn Flakes

My freedom is best
Whole country's on house arrest and everyone's a suspect
You can't feel the flow because you died
Face down on a suicideThe motherfucker's on a self-destruct
Nobody guardian' your back, it's all a front
Save this, my rage is bliss
I'm takin' names and gettin' pissedWhere's Chuck D when you need him?
You ain't shit, just a puddle on the bed spread
The maniac psycho
Cool J screamed the shit but I still can't believe itMan, it's funny that you scare me so
Just enough to fuck me up again and again
Hard life is hard as hell better back the fuck on up'Cuz this is no kind of life, this is no kind of life
(I've got to get out)
It's no kind of life, this is no kind of life
(You can't blame me)Can't be real no more, your mask is skin and bone
Savor every flavor you want 'cuz it's not your own
Bad-ass at bat, man forget about the battle
It's the war we gotta winBreathe Amer-cult, breathe on more Seethe
Freak like you gotta pair, won't be my fault
When you're painted in the corner of a no-good lifeThis is no kind of life, this is no kind of life
(I've got to get out)
It's no kind of life, this is no kind of life
(You can't blame me)I can't remember, I don't understand
Is it malice that makes you this way?
Carry it with you till someone forgives you
I laugh 'cuz there's nothing to sayYou can't begin to consider
The palpable hate in the air when you're here
None of us wonder what weather you're under
You're making it perfectly clearLights ain't on shit ain't right
Never had peace so I had to fight
Can you look in my eyes when my back's against
The wall, slash at my eyes, surprise, you'll never get meYou're all reality and sound bites
And the freedom is never in plain sight
The feelings, the question, the price is too
Human, for fucking sake, this isThis is no kind of life, this is no kind of life
(I've got to get out)
This is no kind of life, this is no kind of life
You can't blame me
I can blamed, I can blamed

I can't be blamed
(Blamed, blamed, blamed, blamed, blamed)
