

# Tomorrow Night

## G. Love & Special Sauce

Tomorrow night I'm goin' home  
Tomorrow night I'm goin' home  
Goin' to see my friends and my family  
My dog my old brown ? ? ?  
Thats an ice ? ? ? cool for  
Good stuff down on the south side  
They keep me flowin'  
Good times is goin' smiling and rolling  
I gots to run into my old time used to be  
Used to be with me  
Gonna catch my love on this weekend  
If she's still speakin' to me  
Come'on jenny lee  
Gotta get you into my ride  
Gonna drive all over the city tonight  
Checkin' down by the river  
Two tired to go ? ? ?  
Yeah, tomorrow night I'm goin' home  
Well tomorrow night I'm goin' home Welcome home boy  
Well how you been  
Its good to see you  
Hello friend  
You've got a fine car  
And some cool threads  
Its good to see you  
Well hello friend  
I had to leave my home and get out  
I've been all around town to town  
Room to room  
Moon to moon  
Found my groove ? ? ?  
Smooth as I should be but there's time changing  
Then I ? ? ? myself  
Watch out every door is on my trail ? ? ?  
Comin' down like hail  
I lose 'em now  
I'm homeward bound  
I've seen the past flash in my eye  
Days like clouds in the sky

Talk about the days  
Will listen but I can't hear  
Yesterday yesterday Ready for some cookin'  
Mom's fixin' chicken  
Strawberry rhubarb crisp  
Its good like this  
Later on I gots ta go see the catman  
My boy ? ? ?  
I don't know got some new girl  
Every time we speak  
Freaks glazed in the heat  
Coolin' on second with the wet green sneaks  
And this course ? ? ?  
Feelin' nice  
I'm goin' home  
I'm goin' home  
Yeah, tomorrow night, I'm goin' home  
Oh, tomorrow night, I'm goin' home  
Yeah, I'm goin' home
