

X (feat. Jdsyn)

RAJAN

You could put your dollar on me
Promise I'll be everything you want and you need
You got me going up and above I can't get enough
It's like you put a spell on me
If you really bout it then I'm bout it for sure
Yeah you know I'm different than the ones before
Ain't nobody got to know we can keep it on the low
You're the one I've been looking for..
So if you love me, I'll be your only
You've been so lonely, I'll make things right
And girl I need you, my heart still bleeds blue
Girl you see right through, you give me life
Shorty, won't you vibe with me, come and take a ride with me
I can show you things you ain't ever felt, you ain't ever seen, ec-sta-sy
Shorty, won't we slow it down, feel like we floating now
I can show you things you ain't ever known, that you ain't ever seen, ecstasy.
Why don't you ride?
I need you by my side
I'm lost all in your eyes
Come get lost in mine
Cause we got one shot, let's take it
Oooh.. We only got one shot, don't fake it
Girl, if you love me. I'll be your only
You've been so lonely, I'll make things right
And girl I need you, my heart still bleeds blue
But you see right through, you give me life
Shorty, won't you vibe with me
Come and take a ride with me
I can show you things you ain't ever felt, you ain't ever seen, ec-sta-sy
Shorty, won't we slow it down, feel like we floating now
I can show you things you ain't ever known, that you ain't ever seen, ec-sta-sy
I know you're scared of me, I ain't going an-e-where
If you trust me, I promise you, I'll be right there
Shorty, won't you vibe with me
Come and take a ride with me
I can show you things you ain't ever felt, you ain't ever seen, ecstasy
Shorty, won't we slow it down, feel like we floating now
I can show you things you ain't ever know, that you ain't ever seen,
Ec-sta-sssyyyyyyy.
