

Shoot Shoot

DIO

You know the feeling
All alone you back to the wall
And all the doorways
Are starting to close in front of you No confusion
Oh no, it came in a spell
Found it in a wishing well It's a matter of mind
You know you can be free forever
So the next time someone
Points a gun at you Say shoot shoot
I don't care
Shoot shoot Hey someone
If your chains are heavy for you
Hey someone
Let it rain
While I show you the way
This could be your lucky day It's a matter of mind
You know you can be free forever
So the next time someone
Points a gun at you say Shoot shoot
I don't care
Shoot shoot
Shoot shoot
Anywhere
Shoot shoot It's a matter of mind
You know you can be free forever
So the next time someone
Points a gun at you sa
Shoot shoot
I don't care
Shoot shoot
Shoot shoot
Anywhere
Shoot shoot
