# Walkin'

## Adam Gregory

I go walkin' down a long road tonight
I go walkin' not a single soul in sight
The night air is so cool
The moon shines so brightIt's lonely out here but I'm feelin' alright
I keep walkin', I keep walkin'I'll be sendin' up a prayer
I'll be climbin' heaven's stairs
I'll be lookin' out for fun
Like a son of a gunHeaded down a country road
I'll be carrying the load
I'll be lookin' for the light
'Till I get it rightI keep walkin', I keep walkin'
I keep searchin' for the love I haven't found
And I'm hopin'
That the chance will come aroundMy days seem so empty
My hearts come undone
I'll keep on searchin'
Until I find the oneI'll be sendin' up a prayer
I'll be climbin' heaven's stairs
I'll be lookin' out for fun
Like a son of a gunHeaded down a country road
I'll be carrying the load
I'll be lookin' for the light
'Till I get it rightI keep walkin' I keep walkin'
'Till the tracks lead to the end of the line
We're all here for a reason
And that reason I'm gonna find I go walkin'Down a long road tonight
I go walkin' not a single soul in sightI'll be sendin' up a prayer
I'll be climbin' heaven's stairs
I'll be lookin' out for fun
Like a son of a gunHeaded down a country road
I'll be carrying the load
I'll be lookin' for the light
'Till I get it rightI keep walkin', I keep walkin'
I keep walkin', I keep walkin'
