Three Cheers For Five Years

Mayday Parade

I swear that you don't have to go
I thought we could wait for the fireworks
And I thought we could wait for the snow
To wash over Georgia and kill the hurt
I thought I could live in your arms
(I thought I could live in your arms)
And spend every moment I had with you
(And spend every moment I had with you)
Stay up all night with the stars
(Stay up all night with the stars)
Confess all the faith that I had in you
(I had in you)
Too late, I'm sure and lonely
(Another night, another dream wasted on you)
Just be here now against me
(Against me)
You know the words so sing along for me baby
(You know the words so sing along for me baby)
For heaven's sake I know you're sorry
But you won't stop crying
(But you won't stop crying)
This anniversary may never be the same
(This anniversary may never be the same)
Inside I hope you know I'm dying
With my heart beside me
(With my heart beside me)
In shattered pieces that may never be replaced
(In shattered pieces that may never be replaced)And if I died right now you'd never be the same
(And if I died right now you'd never be the same)I thought with a month of apart
(I thought with a month of apart)
Together would find us an opening
(Together would find us an opening)
And moonlight would provide the spark
(And moonlight would provide the spark)
And that I would stumble across the key
(And that I would stumble across the key)
Or break down the door to your heart
Forever could see us not you and me(Forever could see us not you and me)
And you'd help me out of the dark(And you'd help me out of the dark)I'd give my heart as an offering

(An offering)Too late, I'm sure and lonely
(Another night, another dream wasted on you)
Just be here now against me
(Against me)
You know the words so sing along for me baby
(You know the words so sing along for me baby)
For heaven's sake I know you're sorry
But you won't stop crying
(But you won't stop crying)
This anniversary may never be the same(This anniversary may never be the same)
Inside I hope you know I'm dying
With my heart beside me(With my heart beside me)
In shattered pieces that may never be replaced(In shattered pieces that may never be replaced)And if I died right now you'd never be the same
(And if I died right now you'd never be the same)And I will always remember you
As you are right now to me
And I will always remember you nowRemember you nowSo sleep alone tonight
With no one here just by your side
Sleep alone tonight
How does he feel
How does he kiss
(Sleep alone tonight)
How does he taste while he's on your lips
(With no one here just by your side)
How does he feel
How does he kiss
(Sleep alone tonight)
How does he feel
How does he kiss
(Sleep alone tonight)
How does he taste while he's on your lips
(With no one here just by your side)
How does he feel
How does he kiss
(Sleep alone tonight)
How does he feel
How does he kiss
(Sleep alone tonight)
How does he taste while he's on your lips
(With no one here just by your side)
How does he feel
How does he kiss
(Sleep alone tonight)
Woah-oh
And I can't forget you

(And sleep alone tonight)
I know you want me to want you, I want to
(With no one here just by your side)
I can't forgive you
(Sleep alone tonight)
So when this is over, don't blow your composure baby
I can't forgive you
(And sleep alone tonight)
And I know you want me to want you, I want to
(With no one here just by your side)
But I can't forget you
(Sleep alone tonight)
So when this is over, don't blow your composure baby
I can't forget you
(I can't forget you)
I know you want me to want you, I want to
(I know you want me to want you, I want to)
