

We Can Make It (feat. alda risma)

Code Red

I know we can make it
I know we can make it
I've been waiting for a girl
like you, to come my way.
And I've been waiting for a
girl like you to shine some
light on my days.
And I've been searching for
that someone, who can understand me,
someone who's not afraid to laugh
or cry, and share that with me.
I've been waiting for a boy like you,
to hold my hand.
And I've been waiting for a boy like
you, to give me a chance.
And I've been longing for that feeling,
of being complete.
You have show me just how good love is
when two minds meet.
I know, I know, I know
Chorus
We can make it if we try,
we can make it you and I.
We can...
We can make it if we try
We can..
A love like our's can be denied
We can make it if we try,
we believe in you and I.
We can...
We can make it if we try,
We can...
A love like our's can be denied.
Could you be the kind to love,
unconditionally.
Could you be the kind to overlook
the faults in me.
We don't have to last forever just
for the rest of our lifetime.

If you're feeling what i'm feeling,
Then this is the right time.

Chorus

Well I guess that it was worth the
waiting, coz now you see, what do
you mean to me.

Well this time there'll be no
hesitating.

If I was blind, I'll still see
you as mine...oh oh...oh baby

Yeah...coz i know,

I know that we can make it...

Yeah, oh...

Chorus

(Repeat)
