

# Is Anybody Out There?

K'naan

I don't wanna be left  
In this war tonight  
Am I alone in this fight?  
Is anybody out there? Don't wanna be left left in this world behind  
Say you'll run to my side Something 'bout Mary  
Never won a pageant  
Never felt pretty  
Never looked like Cameron  
Diaz was her last name  
Always been abandoned  
Keep your head up Baby girl this is your anthem  
There goes Hannah  
Showin' off her banner  
Rocking that crown  
Make them boys go bananas  
When you're insecure about yourself  
It's a fact  
You can point a finger  
But there's three pointing back  
I can see her crying out, yeah  
Is there anybody out there? She's really counting on your love  
Still struggling uphill  
But you act like you don't care  
Right now she could really use a shoulder  
Hanging onto the edge til it's over  
She's crying for your love tonight  
Loneliest heart to survive, she said I don't wanna be left  
In this war tonight  
Am I alone in this fight?  
Is anybody out there? Don't wanna be left left in this world behind  
Say you'll run to my side  
Is anybody out there? yeah, yeah, yeah Is anybody out there?  
(Somebody, anybody) His name was Adam  
When his mom had him  
Dad was a phantom never took a look at him  
Grew up mad and antisocial Hated outdoors, always in playing madden  
Adam was lonely  
Drugs were the only  
Way out of his own life

Now he's slowly losing his fire  
Close to retire  
With one last hope he puts his arms up higher  
I can see him crying out, yeah  
Is anybody out there? He's really counting on your love  
Still struggling uphill  
But you act like you don't care  
Right now he could really use a shoulder  
Hanging onto the edge til it's over  
He's crying for your love tonight  
Loneliest heart to survive, he said I don't wanna be left  
In this war tonight  
Am I alone in this fight?  
Is anybody out there? Don't wanna be left left in this world behind  
Say you'll run to my side  
Is anybody out there? If you feel the way I feel  
Like you've been talking to yourself  
Well this one's for everyone who's felt invisible  
Lonely in a crowded room  
Searching for someone like you  
Can't do it all alone (no one can baby)  
Can't do it all alone (no one should baby)  
Is anybody out there?  
(Somebody, anybody)  
Is anybody out there?  
I'm right here for your  
Is anybody out there? I don't wanna be left  
In this war tonight  
Am I alone in this fight?  
Is anybody out there? Don't wanna be left left in this world behind  
Say you'll run to my side  
Is anybody out there? yeah, yeah, yeah  
I don't wanna do it all alone  
I need your love to take me home  
No one said you should be all alone  
I'm right here  
Is anybody out there?
