The Desperate Man

The Black Keys

See her walkin' with a fella
Two of them so nice and mellow
Hey, hey, hey, hey, hey, hey, heyMy heart is broken, it's open wide
Feel so down, deep inside
Hey, hey, hey, hey, hey, hey, heySummers here but I'm still in fall
Wonder what she done me for
Hey, hey, hey, hey, hey, hey, heyI'm too far down the deepest ditch
Too far gone to ever switch
Hey, hey, hey, hey, hey, hey, heyDrive all night now without a care
Hope to catch you standin' there
Hey, hey, hey, hey, hey, hey, heyDon't forsake a desperate man
Hope you know that's who I am
Hey, hey, hey, hey, hey, hey, heyOne, two, three, four
Five, six, seven, eight
