# Melon Yellow

## Slowdive

Sitting by and watch you fall away
Sudden fall, watched you for a day
You know I don't believe in death
Follow the sun, watch you flow [...]
Sitting here and watch the death
Looking for the sun and watch the death
So long, so long
It's just a way to [...love...] you
So long, so long
It's just a way to [...love...] you
I saw you looking at the sun
I saw you looking at the sun
So long, so long [repeat 5]
It's just a way to [...] you [repeat 5]
