

# Ticket Back To Georgia

## Head East

How much is a ticket back to Georgia  
Time for me to fetch a home  
Headin' back down a railroad track of memory  
Find that girl I left there all alone I've been tryin' to find some rhyme or reason  
And I've been cryin' for awhile  
But it just seems like it's open season  
But I know where I can find a smile Chorus After all this time I get to thinkin'  
That things at home are still the same  
Cause I've been gone so long I just can't take it  
I wonder if they still recall my name Chorus Chorus How much is a ticket back to Georgia  
(Repeats several times and fades)
