Keep Me Around

American Music Club

Theres so little love left in my heart
For anyone, for anyone
Im like an ant on your map
You can see me goin' down the drain
You can see me goin' downWill you keep me around?
Will you keep me around?
(Will you keep me around?)
Will you keep me around?
(Will you keep me around?)
Will you keep me around?
(Will you keep me around?)
Will you keep me around?
(Will you keep me around?)Ive got nothin' to hold on to
The sound the air makes as I fall
Is like a laugh that was torn
From way nothin' was before
From when things just seemed the same
How did I get so far down?Will you keep me around?
(Will you keep me around?)
Will you keep me around?
(Will you keep me around?)
Will you keep me around?
(Will you keep me around?)
Will you keep me around?
(Will you keep me around?)If you dont want me, why dont you say?
Why dont you tell me?
Why dont you tell me?If you dont want me, why dont you say?
Why dont you tell me?
Why dont you tell me?Why dont you tell me?
Why dont you tell me?
Why dont you tell me?
Why dont you tell me?
Why dont you tell me?Ive been cut off for so long
From anyone, from anyone
My face is like a broken map
And I cant go anywhereWill you keep me around?
Will you keep me around?
Will you keep me around?
(Will you keep me around?)

Will you keep me around?
(Will you keep me around?)
Will you keep me around?
(Will you keep me around?)Will you keep me around?
(Will you keep me around?)
Will you keep me around?
(Will you keep me around?)
Will you keep me around?
(Will you keep me around?)
Will you keep me around?
