The Dream Time Machine

Wzrd

[Hook]
It's like a dream to me
All the things that I see
Started from something small, yeah
I am the man now

[Verse 1]
See, all of the things they said could not be
Complete, so in control of who I want to be

[Pre-Hook]
Times have changed now
I've changed, a good difference
More champagne now
What I'm seeing, for the world I wouldn't miss it

[Hook]

[Verse 2]
Go far beyond my hopes to go
Fly, you got places to be, can't let the time speed by

[Pre-Hook 2]
Times have changed now
I'm strong, a good difference
More champagne now
What I'm seeing, for the world I wouldn't miss it

[Hook]
