

# The Whole World Lost Its Head

## The Go-Go's

Freeway fell into the bay  
Popes on L.S.D.  
Muslim girls are getting down  
In bikinis Nazis selling Tupperware  
Door to door  
Telepreachers mud-wrestling  
On the dance floor I read it in the paper  
I see it on my TV Has the whole world lost its head?  
(Is it just me?)  
Has the whole world lost its head?  
(Is it just me?)  
Has the whole world lost its head? You can buy tomatoes  
That last 500 years  
Claudia Schiffer's fiancé  
Made her disappear Drag queens have the navy  
Tossing in their beds  
Mary ate her little lamb  
And punk rock isn't dead I read it in the paper  
I see it on my TV Has the whole world lost its head?  
(Is it just me?)  
Has the whole world lost its head?  
(Is it just me?) Has the whole world lost its head?  
(Is it just me?)  
Has the whole world lost its head? I read it in the paper  
I see it on my TV Has the whole world lost its head?  
(Is it just me?)  
Has the whole world lost its head?  
(Is it just me?) Has the whole world lost its head?  
(Is it just me?)  
Has the whole world lost its head? Lost its head  
Lost its head  
Lost its head
