

Keep Our Love Alive

[Afrojack](#)

I hope you understand I'm hanging on to you,
Through a colors of love,
I will never fade out or stray too far from you,
I'll be the face in every moon,
Painting a smile along reminding you,
Every panic cheat infused,
We will survive,
But how do we keep our love alive,
Why does something so good feel so damn hard tonight,
When there's nobody's fault we will tire to try,
I'm gonna keep our love alive,
I'm gonna keep our love alive, I know you understand how you surrender me,
From the city of ruins,
I was built back up when your heart cemented me,
I'll be the silence where you sleep,
I'll be the violence to you on the streets,
You can look up and follow me,
Through the dead of the night,
But how do we keep our love alive,
Why does something so good feel so damn hard tonight,
When there's nobody's fault we get tire to try,
I'm gonna keep our love alive,
I'm gonna keep our love alive, How do we keep our love alive,
Why does something so good feel so damn hard tonight,
When there's nobody's fault we will tire to try,
I'm gonna keep our love alive,
I'm gonna keep our love alive,
I'm gonna keep our love alive
