Golden Days

[Whitney](#)

[Verse 1]
Oh don't you save me from hangin' on
I tell myself what we had is gone
And after all that I put ya through
I get knocked out like I never knew[Chorus]
It kept me real til' I'm moving on
But you can't leave feeling like you did no wrong
It's a shame I can't get it together now
It's a shame we can't get it together now[Verse 2]
Cause I'm aching but
I fell right in when you gave me up
Those golden days snuck away from us
Lately I've been close but I'm up to trouble
Those golden days keep you hanging on[Chorus]
It kept me real til I'm movin on
But ya can't leave feeling like you did no wrong
It's a shame I can't get it together now
It's a shame we can't get it together nowCause I'm searching for those golden days[Outro]
