Pointless Love

Micky & The Motorcars

Written by: Words/Micky Braun, Moni Ackerman; Music/Micky Braun, Joseph DeebShe said dont waste my time I only got a little left and I
Want to spend it with someone thats true
And youre just a kid with a wandering eye
You wont want any part of this you can go I wont blame youCHORUSJust dont come back to my heart tonight
Cause you got drunk and you changed your mind
Its easy for you but its hard on meBaby Im tired too because you dont want me unless its only you
I like life too much being free, where I can do what I please
And I dont mind letting go because I dont want you to hurt no more
When Im in your arms Im still out of reachCHORUSBaby I can hear you
And you want me to be with you
Why cant you see its a pointless loveCHORUS
