

Chemicals

Scars on Broadway

I smacked your face,
You fell in love when I said "FUCK YOUR MOM!"
I looked at you, said "It's all over!" I turned around and walked away
And you just grabbed my arm
I looked at you, said "I can't stay sober" Come eat some chemicals with me,
Come eat some chemicals
Come eat some chemicals with me,
Come eat some chemicals. MADNESS! feeling scared,
Looking around and nobody there,
When I say, "Fuck the world,
Let's get ready to rock!"
As I piss on your face while you suck on my cock. MADNESS! No one cares,
Looking around and nobody there,
When I say, "Fuck the world,
Let's get ready to rock!"
As I piss on your face while you suck on my cock. Oh maybe, baby,
Won't you rape me, won't you fantasize
About the time when we were lovers
I tried to phone you,
Tried to warn you but no compromise
I grabbed your ass under the cover Come eat some chemicals with me,
Come eat some chemicals
Come eat some chemicals with me,
Come eat some chemicals. MADNESS! feeling scared,
Looking around and nobody there,
When I say, "Fuck the world,
Let's get ready to rock!"
As I piss on your face while you suck on my cock. MADNESS! No one cares,
Looking around and nobody there,
When I say, "Fuck the world,
Let's get ready to rock!"
As I piss on your face while you suck on my cock. Come eat some chemicals with me,
Come eat some chemicals
Come eat some chemicals with me,
Come eat some chemicals
Come eat some chemicals with me,
Come eat some chemicals
Come eat some chemicals with me,
Come eat some chemicals

Come eat some chemicals with me,
Come eat some chemicals
Come eat some chemicals with me,
Come eat some chemicalsMADNESS! feeling scared,
Looking around and nobody there,
When I say, "Fuck the world,
Let's get ready to rock!"
As I piss on your face while you suck on my cock.MADNESS! No one cares,
Looking around and nobody there,
When I say, "Fuck the world,
Let's get ready to rock!"
As I piss on your face while you suck on my cock.Come eat some chemicals with me,
Come eat some chemicals!
Come eat some chemicals with me,
Come eat some chemicals!
Come eat some chemicals with me,
Come eat some chemicals!
Come eat some chemicals with me,
Come eat some chemicals!
