Tighten It Up

leah andreone

Get down, 'cuz down's okay
I gotta get that somethin' they had back in the day
Let go for good funk's sake
Take another hit can you make me shake?Tighten it up, yeah
Tighten it up
Tighten it up, yeah
Tighten it upGod damn the devil's hand
Give in to the madness
Wave your hands in the air
Crawl in, scratch and tear
Get under my skin until I'm beyond repairLet's go fly a kite
We'll get off in the sky
Hang with stars in cloudy bars
With blues on their mindsLet's go fly a kite
We'll get off in the sky
Find a groove that seems to soothe
And go for a rideTake me to the edge
Push me off, it's worth it
You can climb up again
Give in you reckless binge
Anything to feel good, let's do it againTighten it up, yeah
Tighten it up
Tighten it up, yeah
Tighten it upLet's go fly a kite
We'll get off in the sky
Hang with stars in cloudy bars
With blues on their mindsLet's go fly a kite
We'll get off in the sky
Find a groove that seems to soothe
And go for a rideTighten it up, yeah
Tighten it up
Tighten it up, yeah
Tighten it upTighten it up, yeah
Tighten it up
Tighten it up, yeah
Tighten it upLet's go fly a kite
We'll get off in the sky
Hang with stars in cloudy bars
With blues on their mindsLet's go fly a kite

We'll get off in the sky
Find a groove that seems to soothe
And go for a rideLet's go fly a kite
We'll get off in the sky
Hang with stars in cloudy bars
With blues on their mindsLet's go fly a kite
We'll get off in the sky
Find a groove that seems to soothe
And go for a ride
