The Full Catastrophe

John Mellencamp

I've ridden down Sunset
I drank expensive wine
I've been married
Two dozen times
Raised ten children
On a workman's payAnd I'm glad to say
I've enjoyed everyday
Of the full catastrophe of this lifeI've sat in courtrooms
Had people call me names
I've been to London town
On a supersonic plane
I was lovin' your wife
While you were lovin' mineI'm glad to say
I've enjoyed everyday
Of the full catastrophe of lifeI've opened my belt
To troubles everyday
Ain't looking for a fight
But you know I won't run away
From the full catastrophe of lifeI've seen the goodness
I've known the baddest around
I was tattooed
When it first came out
I shook the hand
That showed Moses the wayI'm glad to say
I've enjoyed everyday
Of the full catastrophe of this life
