

Cry No More

[Dawn Landes](#)

No matter how hard I try the pain lingers
Our love's gone dry like grease on my fingers
Don't need a reason why, just pull out the stingers
I'm not gonna cry no more Not gonna cry no more
I know what crying's for
I'm not gonna cry no more Sing a lullaby, feel the wind blow
I don't even sigh when I pass our old windows
There's someone else inside
That's just how time goes
I don't need to cry no more
Not gonna cry no more
I know what tears are for
I don't need to cry no more Feels like waking up
No more sleeping
My hearts still beating me up I wanna go outside and feel the summer
Close my eyes and let the sun burn
Remember the good times more than the others
I'm not gonna cry no more
Not gonna cry no more
I know what crying's for
I'm not gonna cry no more
Not gonna cry no more
I know what tears are for
I don't need to cry no more
