Happy

C2c

(feat. Derek Martin)

You'll never feel happy
You'll never feel happy, no you won't, until you try!
You'll never feel happy
You'll never feel happy, until you even try [x7]
You'll never feel happy, until you try

You'll never feel happy, until you even try [x3]
You'll never feel happy, until you try

Everybody needs this
Everybody needs this, happy thing
Everybody needs this, everybody needs this, happy thing

This song is not a gospel song
This song is not a funk song
This song is not a wrong song
This song is a real song aaaah!

You'll never feel happy, until you even try! [x4]
I need to be happy! Every, everyday!
And every night!
Everybody!
Again and again!
You know what? you'll never never never never never never never never feel..

You'll never feel happy, until you even try ...

Never never never,
Never never never,
Never never never,
Never never never woooou!

You'll never feel happy, until you even try! [x4]
Haheheuhoho...
