

# Cheatin'

## Honky Tonk Hustlas

Well, ya say that ya love me  
And ya need your space  
Then you disappear for days  
And you don't leave a trace

Tired a your shit  
And ya evil ways  
Your lyin' and your cheatin' are leadin' me  
To an early grave

You don't know how bad you make it hurt inside  
I'm sick of your lyin' and your whorin' around  
Tonight I'm gon' a put you under ground

And them cheatin' whores are all on me  
They fun for a fuck  
But they not for keeps  
And heartache comes  
When their love turns  
Cheatin' whores they gon' a burn

Well you beg and you plead  
For me to leave you be  
But it's too late  
'Cause I'm gon' a, complete

What I came to do  
I'm gon' a get my revenge  
Hell bent on destruction  
Is the plan for my end

Cheatin' whore  
Your takin' me down  
Tonight I'm gon' a put you underneath my ground

And them cheatin' whores are all on me  
They fun for a fuck  
But they not for keeps  
And heartache comes  
When their love turns

Them cheatin' whores are gon' a burn

Well your momma she done told me  
That you were so good  
But your untrue love  
It told me, it told me otherwise

You lied to me  
And turned my heart to stone  
I caught you fuckin' my best friend  
Now I'm drunk and all alone

A' you thought your cheatin' ways  
Wouldn't bite your ass  
But now your layin' six feet  
Underneath my grass

And you cheatin' whores are all on me  
Your fun for a fuck  
But your not for keeps  
And heartache comes  
When your love turns  
You cheatin' whores are gon' a burn

A' you cheatin' whores are gon' a burn
