

# No Strings Attached

## Mr. Bungle

Baby you're not the only one  
Oh ooh, ooh, yeah, hey, yeah I see the things he does to you  
All the pain that he puts you through  
And I see what's really goin' on  
Stayin' out at night while you're by the phone Take it from me, it's a lesson to be learned  
Even the good guys get burned  
Take it from me, see I would give you love  
The kind of love that you've only dreamed of Baby you're not the only one  
You don't have to be afraid to fall in love  
And I know that you've hurt in the past  
But if you want it here's my heart  
No strings attached He doesn't give you the kind of attention  
That a girl like you needs  
'Cause he always looks around, his eyes wander 'round  
He doesn't see you like I see, yeah Take it from me, it's a lesson to be learned  
Even the good guys get burned  
Take it from me, baby, I would give you love  
The kind of love that you've only dreamed of Baby you're not the only one  
You don't have to be afraid to fall in love  
And I know that you've hurt in the past  
But if you want it here's my heart  
No strings attached Take it from me, it's a lesson to be learned  
Even the good guys get burned  
Take it from me, see I would give you love  
The kind of love that you've only dreamed of  
So if you want to take a chance with me If you take a chance with me  
I'll be everything you need  
Because it's our destiny, oh Baby, you're not the only one  
You don't have to be afraid to fall in love  
And I know that you've hurt in the past  
But if you want it here's my heart  
No strings attached Baby, you're not the only one  
You don't have to be afraid to fall in love  
And I know that you've hurt in the past  
But if you want it here's my heart  
No strings attached
