For You Only

Trading Yesterday

Blinding darkness surrounds me.
And I am reaching for you only.
This hopelessness that drowns all that I believe,
will be the one thing that I need.
For you only.

There's a hunger, it's slowly growing.
And chasing shadows but never knowing,
If all that I have done is keeping me from you.
Can the arms of mercy bring the rescue.
To return to you?

But I'm so far.
But I'm so far.
But I'm so far.
So far from home.
So far from home.

And keep on running, farther, faster.
And keep on searching for this haunting as an answer.
And I know you will find me in orbit.
For I am breathing only for you.
For you only.
For you only.
For you only.

But I'm so far.
But I'm so far.
But I'm so far.
So far from home.
So far from home yeah.
I am so far, so far.
So far from home.
So far from home.

La da da, la da da, la da da.
La da da, la da da, la da da.
