All I Can Do Is Cry

Otto Bash

I left my gal in Kansas City
Left the crying in the rain
I told her that I made my mind up
I didnt want to see her againWhat makes the night so lonely
What makes the night so long
why I guess its just because I am a man
Thats done a good women wrongI cant eat
I cant sleep
All I can do is cry
All I can do is cryI told her that she was a driver
Told her that she played around
But I was just a lying man
Tryin to hide the tracks she had foundGonna catch my self a flier
One was Kansas City bound
I'm goin' looking for my baby
Good Lord, I hope shes still aroundI cant eat
I cant sleep
All I can do is cry
All I can do is cryI cant eat
I cant sleep
All I can do is cry
All I can do is cry
