Dragonfly

Shaman's Harvest

Maybe the sky's falling down around them babies
Maybe the world is gonna spin out of control
I don't care anymore
What if I quit today workin' for the man
And said I had enough
Well maybe I can
Cause it's all gonna end anyway
Tell me doctor what's the cure
for the wicked man's blues

Fly Dragonfly (Fly Dragonfly)
Fly Dragonfly (Fly Dragonfly)

When the sky
Falls to the sea
I won't mind
The cause in me
When the wind
Bursts through the trees
I wanna ride
A dragonfly

Fly Dragonfly
Fly Dragonfly

When I come
Give me a beat
Take my advice
Just let me be

When the moon
Turns black as night
Begin the flight
Of dragonfly
Fly Dragonfly

Don't take so long
I've been here before you know
I see you in my mind's eye
Fly Dragonfly

Fly Dragonfly
Fly Dragon FLY

FLY Dragonfly
