## Marvin Gaye

Say, baby  
You know I want you  
To let your light come shining through  
Aww, baby  
Baby, why don't you  
Just let your love come shining through  
Baby  
No need to worry  
Let your love come shining through  
Honey  
When in trouble  
Let your love come shining through  
Ohh, baby  
You'll be happy  
When your light come shining through  
Baby  
Life is a party  
And you let your love come shining through Let it shine, baby  
Let it shine, baby  
Let it shine, baby  
Let it shine, baby  
Shine all the time  
Shine and be kind  
Then you'll feel fine  
Then you'll be mine Baby  
Life is worth living  
If you let your love come shining through  
Aww, baby  
The world is mellow  
When you let your love come shining through Ooh, baby  
The world is waiting  
So let your light come shining through  
Stevie  
We really dig you  
Hope you don't mind this riff from you
