"All About People"

As performed by The Paul Thorn Band on the album "A Long Way from Tupelo"

Written by: Paul Thorn, Billy Maddox

It's twelve o'clock, she's had a long night

Twirlin' round' a pole by a neon light

Some were kind and some were crass

And some just wanted to kiss her

She puts her wig in her bag and closes the lid

She's paying for college and raising a kid

It's not in her heart but it's sure in her head

She hangs up her g-string and goes to bed

We're all reading from the same book

We're just on different pages

So go tell Lois Lane there's no Superman

Don't think Mickey Mouse is waiting down in Disneyland

It's not a church if it's just got a steeple

Just look inside - it's all about people

He's been an accountant for fifteen years

Sometimes he wonders what he's doing here

He's got a tattoo of a skull on his chest

Beneath a white, pressed shirt, a tie and a vest

We're all reading from the same book

We're just on different pages

So go tell Lois Lane there's no Superman

Don't think Mickey Mouse is waiting down in Disneyland

It's not a church if it's just got a steeple

Just look inside - it's all about people

There's good folks everywhere, yes there is!

Everybody's got a story and a cross to bear, so

Go tell Lois Lane there's no Superman

Don't think Mickey Mouse is waiting down in Disneyland

It's not a church if it's just got a steeple

Just look inside - it's all about

Go tell Lois Lane there's no Superman

Don't think Mickey Mouse is waiting down in Disneyland

It's not a church if it's just got a steeple

Just look inside - it's all about people
