'Til Death

Capture the Crown

Kill. Fight 'til the death in a living hell.
Fight 'til the death, remove any wait.
Fight 'til the death in a living hell.
Fighting death.
Fight 'til the death in a living hell.
Fight 'til the death, remove any wait.
Fight 'til the death in a living hell.
Fighting death. You play the loser.
Remain to live. Live to the day.
Find the need. Kill all.
Kill, raid, rot, and live to fight Hell.
We loathe thee to the death.
Loathe it's lies. Fight 'til the death.
Live, we die. Killing for the need.
Death we love. It lies.
