

Phenomenon

Limp Bizkit

Are you ready?
Ooh, c'mon
Ain't it funny how time flies, huh
Out of sight, out of mind
(Yeah, right)
Once again back it's the incredible
Subliminal the inFredible D
Once down in the dirt
Now I ain't even gotta shave when I'm goin' to work
A'ight looks like I'm drinkin' tonight
Tomorrow I'll be sippin' on some Pedialite, c'mon
Rock, rock to the planet rock, don't stop
(C'mon, c'mon)
Rock, rock to the planet rock, don't stop
(C'mon, c'mon)
Ain't it funny how time flies, huh
Chit chatter, that shit don't matter
(It don't matter)
Check the flow I organically grow
Like the weed I for sheezy be lettin' ya know
Ooh yeah, kinda feelin' horny
Who that is? What it say? What it look like?
Twenty eyes in my head misfit
And I ain't never gonna change
(C'mon)
Don't think you know what the hell I'm all about
(Phenomenon)
(Come on)
(Somethin' like a phenomenon)
(Come on)
Don't think you got my shit all figured out
(Phenomenon)
(Come on)
(Somethin' like a phenomenon)
I'm a make ya pass aa pass ma-ma-move ma-move
Ba-ba-break you off a little somethin' like this
Pass aa pass ma-ma-move ma move
Ba-ba-break you off a little somethin' like, somethin' like this
Okay, chaps let's take it from the top

(Go)
All you Hollywood rockstars
(Rockstars)
Hollywood ass wishin' you had big cash
(Ching)
Rollin' like your pimpin'
But you aint really got shit goin'
'Cuz you ain't limpin' like the Bizkit
(Yeah)
You're just sittin' on the sidelines
You just a fake kid if there's a title then I'll take it
Who yah hit ya with the boo yah
And I ain't fuckin' playin' around
Rock rock to the planet rock, don't stop
(C'mon, c'mon)
Rock rock to the planet rock, don't stop
(C'mon, c'mon)
Don't think you know what the hell I'm all about
(Phenomenon)
(Come on)
(Somethin' like a phenomenon)
(Come on)
Don't think you got my shit all figured out
(Phenomenon)
(Come on)
(Somethin' like a phenomenon)
I'm a make ya pass aa pass ma-ma-move ma-move
Ba-ba-break you off a little somethin' like this
Pass aa pass ma-ma-move ma move
Ba-ba-break you off a little somethin' like, somethin' like this
And what you would do if this was the end of the world?
(Tell me what would you do?)
And what you would do if this was the end of the world?
(Tell me what would you do?)
And what you would do if this was the end of the world?
(Tell me what would you do?)
And what you would do if this was the end of it all?
Want me tell you what I do, c'mon
I turn it all up
(Oh yeah)
And I shut it all up
(Oh yeah)
And I bring that beep, oh yeah
(Oh yeah)
I did bring it all back though

Cut it up
Bring that beep back
I said what
I'm a make ya pass aa pass ma-ma-move ma-move
Ba-ba-break you off a little somethin' like this
Pass aa pass ma-ma-move ma-move
Ba-ba-break you off a little somethin' like
A little somethin' like this
It's Limp Bizkit baby
