Crush

Warren G

ray j chorus:
oh baby, dont u rush, dont u crush
we gotta just take our time
hush, girl just hush,
dont say a word, i know what you like
us, its just us,
turnin off my phone tonite girl
crush, on you, crushin you tonite.
warren g verse 1:
every now and then i feel a little about it,
the VIP get a little crowded,
you should see the piece with the diamonds inside it
its so vibrant, platinum all around it
when i take flight, how can i stay grounded
got the 2 6 pep boys been around it
shawty wanna shake the spot like right now
5 cut a cranberry saturn right now
mama got back, pretty little thang
kicked in the door with bullied out the game
PYT, pretty young thang
i told her cross over stop messin with the lames
switchin 4 lanes like money aint a thang
i got on 4 chains like money aint a thang
yeah girl this is us tonight
take her back to the crib we gon crush tonight
right?
ray j chorus:
