

Smoke Dreams

[k.d. lang](#)

Smoke dreams from smoke rings, while a cigarette burns
I keep yearning for you through smoke dreams
From smoke rings that old feeling returns
Can't believe that we're through I try to pretend
Our love has ended but my heart tells me no
The dreams I resist won't be dismissed
Though I try to forget with each cigarette Still smoke rings bring smoke dreams
And although you are gone, our love story goes on I try to pretend
Our love has ended but my heart tells me no
The dreams I resist won't be dismissed
Though I try to forget with each cigarette
