Footprints

[Auryn](#)

I'm not okay
With your leaving me, babe
My heart is out in the rain
Wish you'd be my sun again
My mind is blank
Cause all of the words have just escaped
So all I can say is 'baby won't you stay?'Don't you go
No, don't you go
Whenever you leave I'm insane
'Cause you left me in the dark
And now I'm falling apart
Don't you go 'cause girl I know
I just can't bear all the pain from your
footprints on my heart
Your footprints on my heart
I'm watching you leave
And each step you take is killing me
And now I feel helpless
Don't be selfish
I'm dying, can't you seeThat I'm terrified
That can't be goodbye don't say goodbye
You promised forever and ever you'd be by my side
Oh ohDon't you go
No, don't you go
Whenever you leave I'm insane
'Cause you left me in the dark
And now I'm falling apart
Don't you go 'cause girl I know
I just can't bear all the pain from your
footprints on my heart
Your footprints on my heart
You left your footprints on my heart
Your footprints on my heartDon't you go
No, don't you go
Whenever you leave I'm insane
'Cause you left me in the dark
And now I'm falling apartDon't you go
No, don't you go
Whenever you leave I'm insane

'Cause you left me in the dark
And now I'm falling apart
Don't you go 'cause girl I know
I just can't bear all the pain from your
footprints on my heart
Your footprints on my heart
