# Look Into Your Eyes

## Immature

Let me look
Let me look into your
Let me look
Let me look into yourSensitive but sweet
A kind of girl a boy would wanna meet
Very clever so unique
Baby knocks me off my feet
On and on all I do is dream about you
Hold me gentle, hold me tight
I think about you every nightLet me look into your eyes
They say that eyes don't lie
Now I know that you are mine
'Cause I'm lookin' into your eyesLet me look into your eyes
They say that eyes don't lie
Now I know that you are mine
'Cause I'm lookin' into your eyesYour eyes gave me the sign
Told me that you want me
Told me that you need me
I want you to see
This love can go far
I know
That you wanna get with me girl
Hold me tightI see you
I know that
You want me
Your eyes say
Ooo love me
My baby
Today is our dayI see you
I know that
You want me
Your eyes say
Ooo love me
My baby
Today is our dayLet me look into your eyes
They say that eyes don't lie
Now I know that you are mine
'Cause I'm lookin' into your eyesLet me look into your eyes
They say that eyes don't lie

Now I know that you are mine
'Cause I'm lookin' into your eyesRomeo wants a girl that look real good
Romeo wants a girl that look real fine
Romeo wants a girl that look real goodLet me look
Let me look into
Let me look
Let me look into yourLet me look into your eyes
They say that eyes don't lie
Now I know that you are mine
'Cause I'm lookin' into your eyes
Let me look into your eyes
They say that eyes don't lie
