

# Gypsy In Me

## Stratovarius

I was sent out  
To the world  
From the mission  
I just returned  
The dust has not settled down yet  
Still I am needed more fame to be earned  
I thought I could have some rest  
But I feel like I am possessed  
I shouldn't be complaining cause I am blessed  
Must have been the Gypsy  
The Gypsy in me

All the pressure  
On my shoulder  
I can feel  
It makes me older  
I've given everything tonight  
It is enough I still have to fight  
My heart is beating so fast  
If this breath would be my last  
Would I die happy or would I regret my past  
Must have been the Gypsy  
The Gypsy in me  
Must have been a mistake  
But I agreed
