

# In Conversation

## General Public

in conversation in conversation in conversation in conversation, your mind is acting now  
to take what's coming could make you change your mind  
piece of the action, look who's in pieces now  
it turns me 'round and around i'm struggling, i'm waiting, watching for the sidelines  
it's obvious i'm chasing, there's got to be an answer  
distraction takes over when i'm deep in conversation  
i'm looking & learning  
that my heart is running faster all the while when i say i'm sorry, it's not that i'm afraid  
guess i'll have to guess again  
one day it happens, next day it's all at rest  
who made this happen to me? i'm struggling, i'm waiting, watching for the sidelines  
it's obvious i'm chasing, there's got to be an answer  
distraction takes over when i'm deep in conversation  
i'm looking & learning  
that my heart is running faster all the while in conversation...in conversation, our minds are acting now  
let's ask those questions again  
why am i angry? why am i doing this?  
i made this happen to me i'm struggling, i'm waiting, watching for the sidelines  
it's obvious i'm chasing, there's got to be an answer  
distraction takes over when i'm deep in conversation  
i'm looking & learning  
that my heart is running faster all the while ahhh ahhh ahhh ahhh in conversation in conversation in conversation
