

Three Chord Country and American Rock & Roll

Keith Anderson

Yeah
How 'bout a little fiddle?
That sounds good Cut off Wranglers an' bikinis on the Rarrow Bridge
Dive into the river then climb up an' jump again
When the sun is settin' we head down to the beer barn
Grab a couple keggers then we roll out to the farm
Where's the band now? Park our pick-ups in a circle
Let the tailgates down
Laugh while everybody's gettin' drunk as Cooter Brown
Crankin' everything from Brooks and Dunn to Aerosmith
Out here in the country that's the way we get our kicks Yeah, like to' keep it simple y'all in everything we do
Got our own kind of laid back livin' if you don't mind, thank you
We love the kind of music you can feel down in your soul
Give us three chord country and American rock and roll We like to pick our guitars with the neighbors all night
long
Sip on Granny's moonshine while we sing Bocephus songs
Listen to ol' Grandad preach about Red, White, An' Blue
An' how he kicked Hitler's ass in 1942 Yeah, like to' keep it simple y'all in everything we do
Got our own kind of laid back livin' if you don't mind, thank you
We love the kind of music you can feel down in your soul
Give us three chord country and American rock and roll Old dogs an' watermelon wine does us just fine
Little pink houses an' I walk the line
It doesn't take much to have ourselves a good time
Yeah Yeah, like to' keep it simple y'all in everything we do
Got our own kind of laid back livin' if you don't mind, thank you
We love the kind of music you can feel down in your soul
Give us three chord country and American rock and roll Yeah
Give us three chord country and American rock and roll
Tell me now
Does Fort Worth ever cross your mind, now darling?
I'm wanted dead or alive
