BABYMETAL

GJ!

Green circle line train circling in the pit
As the death-growl bell rings
It goes into the wall of death
Right? Left? Here's a lost lamb
Die! Die! Die! Die! Die!
The ladder of grownups is quite tough for us
1 step! 2 step! Lift it up!
Swimming the wild waves of society by crowd surf
Dive! Dive! Dive! Dive! Dive!
More and more, hey! More and more, hey! More and more, hey!
More and more, hey! More and more, hey!
Lift it up! GOOD JOB!
We don't need any irritation, DESU, DEATH!
Go easy, take it easy
GOOD JOB!
Frustration gives you nothing good, nothing!
Be easygoing coz it's the best!
As it opens the mosh'sh pit goes barking SO! SO! Crashing into the wall of death
Pushing! Rushing! Crashing each other
Burn! Burn! Burn! Burn! Burn!
As the breakdown comes let's do some hardcore mosh
40%! 50%! Price down!
As crowd gets compressed, ignore if they come to peel you off
Get! Get! Get! Get! Let's go!
More and more, hey! More and more, hey! More and more, hey!
More and more, hey! More and more, hey!
Gimme some more More and more, hey! More and more, hey! More and more, hey!
More and more, hey! More and more, hey! More and more, hey!
More and more, hey! More and more, hey! More and more, hey!
More and more, hey! More and more, hey!
