## Big Star

Well, I can see you're advertising  
'Cause you keep givin' me the eye  
It won't take long to tell you in my song  
I wanna be with you tonight  
I've been battling [Incomprehensible]  
And he's the best contract I've known  
And I'm a-gonna be a hard act to follow  
If you keep a-comin' on  
I'm a-gonna be a hard act to follow  
Since you have set the stage  
Take the key and unlock the door  
Let the tiger out of his cage  
Just one more big rehearsal  
Another night with you alone  
And I'm a-gonna be a hard act to follow  
If you keep a-comin' on  
Well, the introduction's over  
We've got our hearts in two  
Let me know before we start the show  
Am I fallin' in love too soon?  
I got a heart nearly big as Texas  
'Bout the size of the Astrodome  
And I'm a-gonna be a hard act to follow  
If you keep a-comin' on  
I'm a-gonna be a hard act to follow  
Since you have set the stage  
Take the key and unlock the door  
Let the tiger out of his cage  
I don't want no double feature  
'Cause my heart just ain't that's strong  
But I'm a-gonna be a hard act to follow  
If you keep a-comin' on  
Yeah, I'm a-gonna be a hard act to follow  
If you keep a-comin' on
