

One Word (Straight to the Heart)

Chris de Burgh

One word
One heart
One night
Is all I want
One word
One heart
One girl
Is waitin' there for meMidnight and all is well
I hear the mission bell
Out on the road, nothin' is movin'
As I speed from town to town
(Hey, hey)
Two hearts are beating fast
But they are still many miles apart
Oh, the moon was shinin'
On a distant shore
Burnin' like a fire in my heart
I got to see her
I got to say, hey, heyOne word
One heart
One night
Is all I want
One word
One heart
One girl
Is waitin' there for meI never knew I cared so much before
I gotta tell her tonight
(Straight to the heart)
I'm gonna tell her tonight
(Straight to the heart)
I gotta tell her tonight
(Straight to the heart)
Like a cannonballHeadlights are blazing through
Turn on the radio, I hear the news
Hand on the wheel, foot on the floor
And on, and on, and on we go
(And ohh)
This car is like a friend
Bring her the message that I want to send

Oh, the dawn was breakin'
And I saw the sun
Burnin' like a fire on the bay
I'm nearly there now
I'm gonna say, hey, heyOne word
One heart
One night
Is all I want
One word
One heart
One girl
Is waitin' there for meI never knew I cared so much before
I gotta tell her tonight
(Straight to the heart)
I'm gonna tell her tonight
(Straight to the heart)
I gotta tell her tonight
(Straight to the heart)
Like a cannonballOne word
(Yes)
One heart
One night
(Yes)
One girl
(Yes)I gotta tell her tonight
(Straight to the heart)
I gotta tell her tonight
(Straight to the heart)
I gotta give her my love
(Straight to the heart)
I gotta give her my love
(Straight to the heart)
I gotta tell her myself
(Straight to the heart)
I gotta tell her tonight
(Straight to the heart)
Like a cannonball
Yes
