

Count On You

George Huff

Life ain't easy and the game ain't always fair
But you told me that you'd always be right there
Never leave me and you did just what you said
I have come to believe that on you, I know I can depend
Took the time to hold my hand, took the time to understand
Just what I needed you to do, I know I can count on you
I'll be grateful to the end for such a true and faithful friend
Through the hardest times you proved that I can count on you, on you
Disappointment with you I never felt
You always came through just the way that I expect
You're worthy of all my trust and confidence
That is why I believe that on you, I know I can depend
Took the time to hold my hand, took the time to understand
Just what I needed you to do, I know I can count on you
I'll be grateful to the end for such a true and faithful friend
Through the hardest times you proved that I can count on you
I know I can lean
(On you)
Share the burden I feel
(On you)
There ain't nothing
I can't get through with you
It's so amazing to see
The way that you stand by me
Took the time to hold my hand, took the time to understand
Just what I needed you to do, I know I can count on you
I'll be grateful to the end for such a true and faithful friend
Through the hardest times you proved that I can count on you
Took the time to hold my hand, took the time to understand
Just what I needed you to do, I know I can count on you
I'll be grateful to the end for such a true and faithful friend
Through the hardest times you proved that I can count on you
On you, on you, that I can count on you
