Relapse

Tura Satana

I know it?s time, I need to move on
Everyone is saying I need to control
The way I'm acting
The things that I'm doin' ain't good for me
?Cause I know this time I'm really trippin'
I know that it's deeper than what I'm feelin'
And I realize she's bad for my health
But it's too good just to walk away
She's got me in a daze
She's got me in a trance
She's got me so thrown that I know
I need to recover
I keep falling back in love
And I know that this girl, she's not the one for me
And I know I'm only makin' it worse when I let her go
Then I come on back every time I leave
Every time I leave, every time I leave
I keep comin' back every time I leave
Every time I leave, every time I leave
I keep comin' back every time I leave
When I feel like she's out of my system
I?ve learned, something pulls me in
Then I return to let her use me
Not carin? how she do me as long as she's around
In my mind I see that I'm slippin'
But I still can't seem to see the difference
My heart is sayin' yes to go, body's sayin' no to it
I need to get a grip on this
She's got me in a daze
She's got me in a trance
She's got me so thrown
That I know I need to recover
I keep falling back in love
And I know that this girl, she's not the one for me
And I know I'm only makin' it worse when I let her go
Then I come on back every time I leave
Every time I leave, every time I leave
I keep comin' back every time I leave
Every time I leave, every time I leave

I keep comin' back every time I leave
Every time I leave, every time
I keep, I keep comin' back every time I leave
Every time I leave, every time I leave
I keep comin' back every time I leave
I keep falling back in love
And I know that this girl, she's not the one for me
And I know I'm only makin' it worse when I let her go
Then I come on back every time I leave
Every time I leave, every time I leave
I keep comin' back every time I leave
Every time I leave, every time I leave
I keep comin' back every time I leave
Every time I leave, every time I leave
I keep comin' back every time I leave
Every time I leave, every time I leave
I keep comin' back every time I leave
