The Blank Theory

You find yourself in circumstances
That you can't control
You follow me around everywhere
Everywhere I goIt's the way you want it
(It's the way you want it)
And it's the way I've worked it out
It's the way you want it
(It's the way you want it)
And I'll always let you downAll the things you'll never be
The further down you walk with me
And once I had the things you'd want
Now I have something you needI want to give you more
(I want to give you more)
I want you addicted to me
I want to give you more
(I want to give you more)
I want you addicted to meI don't mind pretending I'm someone else
Whoever you want me to be
As long as I'm inside you
You'll never want me to leaveIt's the way you want it
(It's the way you want it)
You'll never be alone
It's the way you wanted to trust in me
(It's the way you want it)
And now I have controlAll the things you'll never be
The further down you walk with me
And once I had the things you'd want
Now I have something you needI want to give you more
(I want to give you more)
I want you addicted to me
I want to give you more
(I want to give you more)
I want you addicted to meI want to give you more
(I want to give you more)
I want you addicted to me
I want to give you more
(I want to give you more)
Something that no one else can give
I want to give you more

(I want to give you more)
I want to give you more
I want to give you more
(I want to give you more)
I want you addicted to me
