

# Earthquake (feat. Divine Styler)

## House of Pain

(Yes yes ya'll)  
(Cause I'm so fly)  
(Everlast be the apple of your Earth's eye)  
I be breakin the laws, breakin the laws  
All you wannabe hard rocks just pause  
It's the MC host  
Space ghost from the coast  
With piggish white skin  
Kid, where you been  
I got a blue eye  
But my tight length devil  
I freak harmonies  
Like my brother is Nevel  
And I can rock  
Through your style  
Eatin cold hardy stew  
So whachya want to do  
I'm comin real soon  
To a theatre near you  
So why don't you cratique me  
While I'm love on stage  
Cause I'm gonna break my  
Rusty cage, my rusty cage  
Watch the way I freak it  
When I bust my gage  
Cause all that loud gun talk  
don't mean squat  
If my tool gets hot  
I'm a burst your knot  
And give it all I got  
Up in your wisdom slot  
And cold and rains  
couldnt stop her  
From callin me poppa  
Big daady draw dropper  
Mr.Heart breaker  
She leaves Mary Poppins  
And comes home SekaYes yes ya'll  
Cause I'm so fly (so fly)

Everlast be the apple of your Earth's eye  
Yes yes ya'll  
Cause we don't fake (dont fake)  
And he's down to come to feel your earthquake Socialize a little somethin'  
And you sweatin my style  
Challenge my world  
You want to shell my mix  
You want to sit with my flesh  
And reconize the tesh  
Ya never seen this niggers best  
A marage, a nest  
I hit your head with styles that are liquid  
You drip this  
Sweat this  
Perspired is desired, this wetness  
You get from Divine style  
Spark this girl, chill  
I see you got the love, the lust  
So why don't you live my cosmos exodus  
To my precous  
I'm a undress my message  
Into my wisdom body  
To my wisdom method  
You need a star for your cresent  
I got a diablo brass  
For your atmosphere  
My (a) dope mathematics  
Are soak like Insin-sincere  
Uh, baby  
For my apparatus  
I do justice to your physical  
anoint your aider  
never spendin your nobler  
A hard slyle at stages  
While the guard be sparkin that indo seed  
The Earth pieces be increasin  
That need to be pleased  
I represent the illest villans  
And the worst of bad breeze  
Ah baby,  
If you want to next my vision  
You better come with subject of vision

My loves thicker than blood  
My killer swarm's in effect  
Nobodys livin off hud  
If you miss with his gun  
I'll run a patriot gig  
I'll have you flippin your wing  
I'll put the clip in my sink  
And cock the hammer back  
Click Clack  
Put a hole in your back  
The size of a plum  
You can come git some  
But my attitude shitty  
Like G Gordon Litty  
Take pity on a child  
that's been raised in the city Chill- From East to West  
To maintain my rep  
So many times  
To assume my flow  
I go mono, stereo  
Or solo  
You never know  
Choose a flow  
And I'll throw the phattest atom  
I'm so hot, and so law  
And so far from the plan  
I reflectulate the ladies  
That be scannin  
My composition decirclar  
Hurtin the madd opposition Yes yes ya'll  
Cause I'm so fly (so fly)  
Everlast be the apple of your Earth's eye  
Yes yes ya'll  
Cause we don't fake (dont fake)

And he's down to come to feel your earthquake Yes yes ya'll  
Cause I'm so fly (so fly)  
Everlast be the apple of your Earth's eye  
Yes yes ya'll  
Cause we don't fake (dont fake)  
And he's down to come to feel your earthquake
