Action Cat

Gerard Way

We want television bodies that we can't keep
We have battles in the dark when she falls asleepWe can make it up again
We can make it up again
And we don't care we just pretend
With our faces on the mend
And don't ask a lot
And you won't lose a lot
Don't ask for muchEvery accidental damage I wouldn't take
Every heart I left behind that you couldn't breakWe can make it up again
We can make it up again
And we don't care we just pretend
With our faces on the mend
And don't ask a lot
And you won't lose a lot
Don't ask for muchAnd I still miss you
Say I missed you too
Still I miss you
Say I missed me too
Still I missed you
Say I missed me tooWe want action and decision that we can't fake
We got fire cracker wishes that we can makeWe can make it up again
We can make it up again
And we don't care we just pretend
With our faces on the mend
And don't ask a lot
And you won't lose a lot
Don't ask for muchOh
Do you miss me?
'Cause I miss you
Do you miss me?
'Cause I miss you
Do you miss me?
'Cause I miss you
Do you miss me?
'Cause I miss you
