

# Obsession

## Starfield

Yeah I am fixed on You  
As the world flies by  
I have lost myself  
In Your blinding light This obsession is my call, owning body mind and soul  
All I live for is to know You and be known  
This obsession makes me whole, I give in to its control  
It consumes me like a fire within my bones I am not my own  
I have been erased  
Like a canvas washed  
By the stokes, the stokes of grace This obsession is my call, owning body, mind and soul  
All I live for is to know You and be known  
This obsession makes me whole, I give in to its control  
It consumes me like a fire within my bones This fire within my bones  
It burns, it burns, it burns You're my obsession  
You're my obsession  
You're my obsession  
You're my obsession  
You're all I ever need You're my obsession  
I'm Your possession  
You're my obsession  
I'm Your possession  
You're my obsession  
I'm Your possession
