

No Man's Land

Winger

Straight out of Abilene
He's bustin' at the seams
Immune to whisky
Man it's down to a shot of
gasoline
This ain't no Romeo
This here's a one man show
Livin' on a dare
Thinkin' he'll become a legend
One more fever diggin' for
fools gold
Fast lane freeway to the
glory hole
'Cos he's
Livin' it up
In No Man's Land
Tonight's the night
Gonna get to heaven
Livin' it up
In No Man's Land
Too fast to live
Too young to die
He named his limousine
The Mississippi Queen
Better never look inside
'Cos things get a little
bit messy
This party never ends
Plenty of so-called friends
Payin' homage to heroes
They will never see again
Where will you wind up
I'll never know
Fast land freeway to the
glory hole
'Cos he's
Livin' it up
In No Man's Land

Tonight's the night
Gonna get to heaven
Livin' it up
In No Man's Land
Too fast to live
Too young to die
One more fever diggin' for
fools gold
Fast lane freeway to the
glory hole
The headline read
He finally made it
No return
Baby see him fly
Livin' it up
In No Man's Land
Tonight's the night
Gonna get to heaven
Livin' it up
In No Man's Land
Too fast to live
Too young to die
